

Executive Summary
Canadian Blind Sports Association
Concussion Protocol

The CBSA Concussion Protocol is designed to provide the Company's Participating Members with the most up to date concussion protocols. This is to ensure safe concussion responses that promote proper assessment and management. The CBSA Concussion Protocol provides detailed information on guidelines and protocols based on the most up-to-date concussion research available. The CBSA Concussion Protocol is in the form of a protocol template from [Parachute](#), Canada's national charity dedicated to injury prevention. The CBSA Concussion Protocol is written to allow for adoption by CBSA's provincial partners.

The CBSA Concussion Protocol contains information on:

- Purpose of the protocol
- Pre-Season Education
- Head Injury Recognition
- Onsite Medical Assessment
- Emergency Medical Assessment
- Sideline Medical Assessment
- Scenarios for Onsite Medical Assessment
- Medical Assessment
- Concussion Management
- Multidisciplinary Concussion Care
- Return to Sport/Work/School
